**Overall Length:**

2.7 major mils and 3.3 major centimeters

**Body Outside Diameter:**

Between 21.7 millimeters and 22.3 millimeters

**Body Inside Diameter:**

8.1 major mils and 8.7 major centimeters

**End Application:**

Mrap - common nsn - used on 3 mrap variants and 1 other weapon system

**Hardness Rating:**

100.0 vickers or firth diamond pyramid

**Product Name:**

Washer, heavy

**Material:**

Steel

**Surface Treatment Specification:**

lawdin267, part9 national specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A045a0
