Inside Diameter:

Between 1.000 inches and 1.005 inches

Outside Diameter:

Between 1.065 inches and 1.067 inches

Overall Thickness:

Between 0.240 inches and 0.250 inches

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8 federal specification single material response or qq-a-225/8 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
