Inside Diameter:
Between 0.815 inches and 0.819 inches
Outside Diameter:
Between 1.089 inches and 1.092 inches
Overall Thickness:
Between 0.233 inches and 0.237 inches
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-225/6 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625b, ty ii, cl 2 military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625b spec.
