Inside Diameter:

Between 0.825 inches and 0.845 inches

Outside Diameter:

1.800 inches

Special Features:

One flange on outside, 0.12 ins wide

Material:

Steel comp 1015 or steel comp 1016 or steel comp 1017 or steel comp 1018 or steel comp 1019 or steel comp 1020 or steel comp 1021 or steel comp 1022 or steel comp 1023 or steel comp 1025

Material Specification:

Astm a576 assn standard all material responses or astm a108 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
