Overall Length:

3.0000 inches

Overall Width:

2.0000 inches

Cross-sectional Height:

Between 0.0295 inches and 0.0345 inches

Minor Height:

Between 0.0050 inches and 0.0150 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response or qq-a-250/4, t3 or t351 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, ty1 or ty2, cl1 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-a-8625 spec.
