Overall Length:
0.900 inches
Overall Width:
0.800 inches
Cross-sectional Height:
Between 0.152 inches and 0.168 inches
Minor Height:
Between 0.005 inches and 0.015 inches
Material:
Aluminum alloy 2024
Material Specification:
Qq-a-250/5 federal specification single material response or qq-a-250/4, t3 or t351 federal specification single material response
Surface Treatment:
Anodize
Surface Treatment Specification:
Mil-a-8625, ty1 or ty2, cl1 military specification single treatment response
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
Mil-a-8625 spec.
