Inside Diameter:

Between 1.590 inches and 1.596 inches

Outside Diameter:

Between 1.622 inches and 1.628 inches

Overall Thickness:

0.032 inches

End Application:

P/n 147158 (cage 83311); f110ge100/129 engine

Product Name:

Ring, add on

Special Features:

0.240 in. Min. And 0.260 in. Max. O/a ht; developed lgth 5.010 in., plus/minus .01 in., roll formed ring

Material:

Steel comp 1010

Material Specification:

Ams 5040/5042 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
