Overall Length:
3.000 inches
Overall Width:
0.760 inches
Cross-sectional Height:
Between 0.108 inches and 0.128 inches
Minor Height:
Between 0.020 inches and 0.040 inches
Material:
Aluminum alloy 7075
Material Specification:
Qq-a-250/13 t6 federal specification single material response
Surface Treatment:
Oxide film and primer
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
