Overall Length:

3.010 inches

Overall Width:

0.730 inches

Cross-sectional Height:

Between 0.187 inches and 0.207 inches

Minor Height:

Between 0.060 inches and 0.080 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Surface Treatment:

Oxide film and primer

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
