Overall Length:

3.200 inches

Overall Width:

0.730 inches

Cross-sectional Height:

Between 0.158 inches and 0.178 inches

Minor Height:

Between 0.075 inches and 0.095 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Surface Treatment:

Primer and oxide film

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
