Overall Length:

2.640 inches

Overall Width:

2.250 inches

Cross-sectional Height:

Between 0.150 inches and 0.170 inches

Minor Height:

Between 0.030 inches and 0.050 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Surface Treatment:

Primer and oxide film

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
