Overall Length:

1.140 inches

Overall Width:

2.030 inches

Cross-sectional Height:

Between 0.120 inches and 0.140 inches

Minor Height:

Between 0.020 inches and 0.040 inches

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Surface Treatment:

Primer and oxide film

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
