Overall Length:

13.520 inches

Overall Width:

1.112 inches

Overall Thickness:

0.032 inches

End Application:

C130-j hercules aircraft

Special Features:

Used on the lower hinge half, lower bunk seat back, rh

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362, t3 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
