Overall Length:

1.000 inches

Overall Width:

0.800 inches

Overall Thickness:

0.071 inches

End Application:

C141 acft

Product Name:

Spacer, wp

Special Features:

Spacer has a hole 0.271-0.278 in. Dia located 0.300 from hole center to length edge and 0.500 in from hole center to opposite length edge; hole is centrally located along width

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
