Overall Length:

1.450 inches

Overall Width:

1.240 inches

Overall Thickness:

0.063 inches

End Application:

C141 acft

Product Name:

Spacer, wp

Special Features:

Spacer has one corner rounded to 0.310 in. Radius, and spacer is slanted downward 0.3 degrees along length

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
