Overall Length:

1.000 inches

Overall Width:

1.000 inches

Overall Thickness:

Between 0.070 inches and 0.090 inches

End Application:

C141 acft

Product Name:

Shim, wp

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13, t6 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
