Overall Length:

2.000 inches

Overall Width:

1.000 inches

Overall Thickness:

0.030 inches

End Application:

2350-01-368-9528

Special Features:

2 holes 0.406in min and 0.465in maximum spaced 1.000in apart and 0.500in from edges

Material:

Aluminum alloy 5086

Material Specification:

Qq-a-250/7 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
