Overall Width:

Between 1.660 inches and 1.780 inches

Overall Length:

Between 7.040 inches and 7.160 inches

Overall Thickness:

0.032 inches

End Application:

Bradley

Special Features:

Two 1.610" rounded slots with 0.330" diameter ends. Ctr of slots are 5.110" from width end; ctrs of slots are 1.098" apart

Material:

Aluminum alloy 5052 or aluminum alloy 5086

Material Specification:

Qq-a-250/8 federal specification single material response or qq-a-250/7 federal specification single material response

Surface Treatment Specification:

Mil-c-5541, class 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-c-5541 spec.
