Overall Thickness:

0.250 inches

Special Features:

Structural assembly translating sleeve stock size .25x1.0x1.0 nha c17-17p8d9211 (-504)

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
