Inside Diameter:

Between 1.877 inches and 1.878 inches

Outside Diameter:

Between 2.254 inches and 2.255 inches

Overall Thickness:

0.379 inches

End Application:

Aircraft carrier cvan 71

Material:

Copper alloy 865

Material Specification:

Qq-c-390 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
