Inside Diameter:

Between 0.505 inches and 0.525 inches

Outside Diameter:

0.750 inches

Overall Thickness:

Between 0.225 inches and 0.245 inches

End Application:

C17acft

Special Features:

Washer was altered now a spacer

Material:

Aluminum alloy 1230 or aluminum alloy 2024

Material Specification:

Qq-a-250/2024-t3 federal specification single material response

Fsc Application Data:

Washer, flat

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
