Inside Diameter:

0.438 inches

Overall Length:

0.930 inches

End Application:

P/n: 397518-1, handle, manual control

Large End Outside Diameter:

Between 0.520 inches and 0.530 inches

Tapered Portion Length:

0.330 inches

Taper Included Angle:

5 degrees

Material:

Steel comp 304

Material Specification:

Qq-s-763, class 304 federal specification single material response

Surface Treatment:

Passivate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A535g0
