Diameter:

Between 0.250 inches and 0.280 inches

End Application:

F119-pw-100 engine on f-22 aircraft

Hole Inside Diameter:

0.344 inches

Special Features:

.625 flanged

Material:

Titanium

Material Specification:

Ams 4928 (ti alloy) assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A540s0
