Overall Length:

7.500 inches

Overall Width:

1.600 inches

Overall Thickness:

0.100 inches

End Application:

Trailer, cargo

Product Name:

Shim, hinge

Special Features:

Three equally spaced holes on each end of part, .277 in dia.: two outer holes .375 in. From ends: four inner holes 1.195 in. From ends

Material:

Aluminum alloy

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
