Inside Diameter:

Between 4.505 inches and 4.555 inches

Outside Diameter:

Between 7.590 inches and 7.650 inches

Overall Thickness:

0.380 inches

End Application:

Los angeles class ss (688)

Material:

Copper alloy

Material Specification:

Qq-c-390, aly c-90300 ty-ii, cond as federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
