Overall Length:

1.000 inches

Overall Width:

0.500 inches

Overall Thickness:

0.240 inches

End Application:

Serd 2284, gage, bushing wear-inlet

Product Name:

Pad

Special Features:

Top four corners rounded 45 degrees x .01-.03; two holes equally spaced .141 thru; counter sunk .307x119 degrees, .30; .625 apart center to center

Material:

Rubber

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
