**Overall Length:**

4.880 inches

**Overall Width:**

0.430 inches

**Overall Thickness:**

0.063 inches

**End Application:**

Ase

**Product Name:**

Shim, avionics rack

**Special Features:**

Seven mounting holes, .128 dia.

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250 / 11 federal specification single material response

**Surface Treatment Specification:**

Mil-c-5541, class 1a military specification single treatment response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000

**Mil-std (military Standard):**

Mil-c-5541 spec.
