Inside Diameter:

Between 0.500 inches and 0.501 inches

Outside Diameter:

Between 0.715 inches and 0.720 inches

Overall Thickness:

Between 0.057 inches and 0.069 inches

End Application:

H-46

Product Name:

Spacer, drive link

Material:

Steel comp 440c

Material Specification:

Ams 5630 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
