Overall Length:

1.750 inches

Overall Width:

1.500 inches

Overall Thickness:

0.500 inches

End Application:

Sonar detecting test set

Special Features:

Finish, treat chem film, mil-c-5541, class 1a; holes 2x0.281, plus .005, minus .002 thru: one in. Apart

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
