Overall Length:

13.300 inches

Overall Width:

8.800 inches

Overall Thickness:

0.312 inches

Product Name:

Stator core, shim

Special Features:

Four holes equally spaced x 1.375 dia. Thru

Material:

Steel

Material Specification:

Astm-a36 assn standard single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
