Overall Length:

48.000 inches

Overall Width:

Between 0.470 inches and 0.530 inches

Overall Thickness:

0.039 inches

End Application:

A10

Special Features:

Used on upper speed brake assembly

Material Specification:

Ams4013 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
