Overall Length:

5.600 inches

Overall Width:

1.100 inches

Overall Thickness:

Between 0.190 inches and 0.196 inches

End Application:

A10

Special Features:

Used on upper speed brake assembly

Material Specification:

Ams4013 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
