Overall Length:

4.750 inches

Overall Width:

2.000 inches

End Application:

Shelter, non expandable, lightweight

Special Features:

Two holes equally spaced, .540 in. From each end; centered 2.750 in. Apart

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
