Overall Length:

17.000 inches

Overall Width:

6.000 inches

End Application:

Shelter non expandable, lightweight

Product Name:

Plate, seperation

Special Features:

Four holes equally spaced .156-.172 on one edge; two holes on the other edge, .218- .229; corners cut 45 degrees x .50: thickness is .090

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
