**Overall Length:**

6.120 inches

**Overall Width:**

1.750 inches

**Overall Thickness:**

0.125 inches

**End Application:**

Shelter nonexpandable, lightweight

**Product Name:**

Shim

**Special Features:**

Two holes equally spaced .344 in. Dia., 5.375 in. Apart center to center

**Material:**

Aluminum alloy 5052

**Material Specification:**

Qq-a-250/8 federal specification single material response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
