Overall Length:

1.000 inches

Overall Width:

0.620 inches

Overall Thickness:

0.860 inches

End Application:

NEXT-AS-SEM-BLY1

Special Features:

Qspacer plate has an oblong aperature 0.400 x 0.222 inches with center of aperature at 0.600 inches from end length ways and 0.313 inches on the width end.Additional material information aluminum, 6061-t6 or 6061-t651

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-225/8 federal specification single material response

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-c-5541 spec.
