Mounting Method:

Straps

Stock Size:

0.123 min 0.127 maximum inches

Straight Side Form:

Nonroller

Special Features:

Material cres type 304; wire diameter 0.125 porm .002 inch before forming; finish for brazed rings to be copper plate m254 iaw mil-f-14072, chemical black iaw mil-f-495, polished finish; finish for welded rings to be passivate iaw qq-p-35, black oxide coat iaw mil-c-13924, class 4; braxing alloy bag-9 iaw qq-b-654 and flux type 3 iaw aws orits equivalent flux iaw o-f-499 shall be used for weldment

Material:

Steel, corrosion resisting

Material:

Stainless steel

Fsc Application Data:

NHAU-SE-DON-HELM

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T252-a
