Mounting Method:

Straps

Inside Width:

Between 0.620 inches and 0.680 inches

Inside Height:

Between 0.870 inches and 0.930 inches

Stock Size:

0.131 min 0.139 maximum inches

Straight Side Form:

Nonroller

Special Features:

Material cres type 304 iaw qq-s-763, wire diameter 0.135 porm .004 inch before forming; finish for brazed rings to be copper plate m254 iaw mil-f-14072, chemical black iaw mil-f-495, polished finish; strength requirement d ring must meet a 250 lb proof load, pull test 0.750 w webbing, without breaking

Material:

Steel, corrosion resisting

Material:

Stainless steel

Fsc Application Data:

NHAU-SE-DON-HELM

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-a
