Overall Thickness:

Between 0.180 inches and 0.200 inches

End Application:

Patriot missile

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t6 federal specification single material response

Surface Treatment:

Chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A07000
