End Application:

Bulkhead, nacelle

Special Features:

Dimensions 1.250 in. Diameter x .30 in.

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
