**Overall Length:**

1.500 inches

**Overall Width:**

2.500 inches

**Overall Thickness:**

0.062 inches

**End Application:**

P67 tristar aircraft

**Lamination Quantity:**

21

**Lamination Thickness:**

0.003 inches

**Construction:**

Laminated

**Material:**

Aluminum alloy 1100

**Material Specification:**

Qq-a-250/1 federal specification single material response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000
