Overall Length:

8.000 inches

Overall Width:

3.450 inches

Overall Thickness:

0.130 inches

End Application:

Closure door, acm/hdr seawolf class ssn 21

Lamination Quantity:

65

Lamination Thickness:

0.002 inches

Construction:

Laminated

Product Name:

Shim, door, aft, laminated

Special Features:

Vhas 5 bolt holes, 0.562 inch in diameter centered on 2 lines 0.125 inch and 2.50 inches from left/long edge; holes in left line are 0.75, 3.25 and 6.50 inches from top edge; holes on right are 1.63 and 4.88 inches from right edge

Material:

Steel comp 302

Material Specification:

Mil-dtl-22499, comp 3, type 1, cl 1, alloy 302 military specification single material response

Style Designator:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

Mil-dtl-22499 spec.
