Overall Thickness:

0.125 inches

End Application:

Rc 135 mhp/kit

Lamination Quantity:

21

Lamination Thickness:

0.003 inches

Construction:

Laminated

Product Name:

Shim

Special Features:

Stock size width 1.3 by length 5.0 inches, has a .750 diameter hole. Make from bac1534-125. Shim thickness is .125 equals .063 laminated and .062 solid

Material:

Aluminum alloy

Material Specification:

Bms7-335, type 1 or 1a mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
