End Application:

Hinge for f/a-18 e/f aircraft

Product Name:

(inavy) bushing

Special Features:

Flange on bushing has 45 degree undercut for 0.027 +/- .005 inches. Flange is circular in shape with one side flattened out. Flange diameter is 0.5001, with 0.4700 across from flattened side.

Material:

Aluminum alloy

Style Designator:

22c solid, external flange one end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A045a0
