Overall Thickness:

1.000 inches

End Application:

Air induction and diesel exhaust valves operating gr&gagging

Product Name:

Shim, piston assembly

Material:

Stainless steel

Material Specification:

Qq-s-766, cl 304l. Cond-, fin-1 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000
