**Overall Length:**

12.000 inches

**Overall Width:**

9.750 inches

**Overall Thickness:**

Between 0.125 inches and 0.375 inches

**End Application:**

Oe-222a/g; 5985-01-425-5641; antenna group

**Product Name:**

Shim, reflector support

**Special Features:**

4 holes (0.400 in diameter) and 6 slots (length 0.138)

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250 national specification single material response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A07000
