Overall Thickness:

0.750 inches

End Application:

Oe-222a/g

Product Name:

Block, spacer

Special Features:

0.860 diameter hole thru

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 military specification all material responses

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A07000

Mil-std (military Standard):

spec.
