End Application:

Oe-22 a/g , antenna

Special Features:

Length 2.50; o.D. Hex 0.375; internal threads both ends, 6-32 unc-2b x 0.500, 0.500 min thread deep

Material:

Stainless steel

Material Specification:

Astm-a-582 federal specification single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Qq-p-35 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A045a0

Mil-std (military Standard):

spec.
