Overall Length:
3.110 inches
Overall Width:
0.750 inches
Overall Thickness:
0.500 inches
End Application:
Oe-222 a/g , antenna
Product Name:
Spacer (waveguide clamp)
Special Features:
2) equally spaced mounting holes .25 in. From each end to hole center; mounting holes are 2.61 in. Apart center to center: color is white
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-250/11 military specification single material response
Surface Treatment Specification:
Mil-f-14702 military specification single treatment response
Style Designator:
Rectangular
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A07000
Mil-std (military Standard):
spec.
