**Overall Length:**

3.110 inches

**Overall Width:**

0.750 inches

**Overall Thickness:**

0.250 inches

**End Application:**

Oe-222 a/g, antenna

**Product Name:**

Spacer (waveguide clamp)

**Special Features:**

2) equally spaced mounting holes .25 in. From each end to center of hole; holes are 2.61 in. Apart center to center: color is white

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 military specification single material response

**Surface Treatment Specification:**

Mil-f-14702 military specification single treatment response

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A07000

**Mil-std (military Standard):**

spec.
